

Mission & Outreach Report Summer 2018 | Randy Mayfield

We've had a busy summer with several mission opportunities here at home and around the world!

In June, I joined our choir along with Music director, Matt Mazzoni for a week

long outreach and concert tour of England. We sang in several churches in the London area and in West Sussex in Southern England. 32 members of our choir and their family members participated in this mission.

After the England trip, I met up with my band in Italy for a concert with our missionaries, Joel & Jessica Rinn. We then went on to Albania for two outreach concerts with our missionaries there, Klodi & Migena Licaj and their family. Hundreds came out to hear the band and the small new church plant in Kuchova had more than two hundred potential new members and members of the community come out for the event there. We also participated in an spontaneous outreach event on Sunday morning in a local park in Berat, Albania.

In July, Randy and the band did a local outreach event at the Jubilee Community Church in the city to benefit the Mt. Herald Missionary Baptist church (the home church of our housekeeper, Eula Battiste)

A team from Central will be heading to India in August to work with our missionaries there, sharing in the Children's Home, Bible College and local church plants that Central has helped to plant over the past ten years.

Later in the year, we will have trips to Moldova, Ukraine and a return trip to Iraq to work with refugees and military there. - RM
